

Here is what you should see once the account is created:

### **Youth Protection Training Notice**

You **DO NOT HAVE TO BE A REGISTERED MEMBER OR HAVE A MEMBER ID** to take Youth Protection training.

To take Youth Protection training:

1. From the menu on the left, click E-Learning.
2. From the General tab, scroll down to Youth Protection Training and click Take Course.
3. When you complete the course, **print a certificate of completion** to submit with a volunteer application, or submit the certificate to the unit leader for processing at the local council.
4. When your volunteer application is approved, you will receive a BSA membership card, which includes your member ID number. After you receive your membership card, log onto MyScouting, click My Profile, and enter your member ID number. This links your Youth Protection training records, and any other MyScouting training records, to your BSA membership.

Remember to **Print the Certificate prior to leaving the training** web site.

- A copy of the certificate must accompany all new applications for registration.
- When the new volunteers receive their BSA membership cards, they should go back to web and add their number information to their profile.
- We're told this step will make all future online training automatically stored in the BSA database.

Youth Protection training must be taken **every two years**.

If the volunteer's Youth Protection is not current at the time of recharter, the volunteer will not be reregistered.
